8 Week IAG Programme

April 2020

As an outreach programme for the Liverpool City Region, Shaping Futures are, as ever, committed to helping learners, parents, teachers and advisers better understand the pathways to Higher Education available for young people and support with any decisions throughout their educational journey.

As a result of the current situation we have re-modelled our usual 'face to face' approach of interventions with students in favour of a 'Virtual' offer and have developed an 8-week package of online IAG (Information Advice & Guidance). Go to our [website](#) from Monday 27th April for Week 1

Each day will have a different activity/resource for your students to explore, all have been designed to be stand-alone activities so that participants can join in at any point.

In addition, there will be a parent's guide and lesson plans associated with each activity, plus a FAQ sheet and a Signposting sheet for further reading and research.

The themes for the programme are; Wellbeing & Resilience, Student Finance, Study Skills, Student Life, Making Transitions, Careers and finally Making Applications

Week	Date Commencing	Theme
1	27/04/2020	Wellbeing & Resilience
2	04/05/2020	Finance
3	11/05/2020	Study Skills
4	18/05/2020	Student Life
Half term	25/05/2020	Half Term - Fun
5	01/06/2020	Making Transitions
6	08/06/2020	Careers (Part 1)
7	15/06/2020	Careers (Part 2)
8	22/06/2020	Making Applications

More Exciting News!

We have added another excellent resource to our website. We have a new [Talk to Us](#), contact section of our website, your students can be directed to ask us a question any time.
