

Request for Quotation (RfQ)

Ref: LCEI-LJMU- 058

N.B. This Request for Quotation (RfQ) is being promoted by Low Carbon Eco-Innovatory (LCEI) on behalf of the company stated below as part of their assistance through the UKSPF-funded LCEI project. The company will be solely responsible for all scoring and decision-making processes.

Name of item/system required		Replace old heating system with air-source heat pump/ electrical boiler
Company Name	Sigmatex (UK) Ltd	
Address	Manor Farm Road, Runcorn, WA7 1TE	
1. Background		
<p>[Intro to the business and summary of why the item/system is required]</p> <p>Sigmatex is a leading UK-based carbon fibre converter into carbon fibre fabrics. Known for our extensive range of high-quality carbon fibre products, we serve the automotive, aerospace, marine, and industrial sectors globally. Our products include woven, non-crimp fabric (NCF), flat and spread tow fabrics, all meeting high quality standards for various applications.</p> <p>Following support from LCEI to decarbonise their business, this item has been identified and funding allocated towards the purchase by the business.</p>		
2. Requirement:		
<p>There are two types of boilers currently in use: a) Heating boilers used for heating the building; these can be replaced by an equivalent sized air-source heat pump. b) 1 x 37 kW domestic hot water boiler to be replaced by an electrical boiler or calorifier.</p> <p>A detailed list of the anticipated works required is included as Addendum 1 to this Request for a Quotation* (RFQ). [*Remove this section if not applicable]</p>		
3. In your quotation, please provide evidence of your company's ability to;		
a) Demonstrate value for money (costs):		
b) Be able to complete the project by 15 th January 2025 in line with LCEI funding regulations:		
c) Meet the specification of the required item:		
d) Detail why your product is deemed suitable to the company and their requirements specified:		
e) Sustainability/ESG credentials of your business operations and more specifically about the product:		

Please advise in your quotation if a physical visit, by how many people and for how long, to the nominated premises is required to undertake the described work.

4. Deliverable Timescale:	
It is anticipated that this project will commence in	October 2024
And be completed by	December 2024

5. Indicative Budget:	
In the regions of £50,000.00	
6. Evaluation Criteria: Quotations will be assessed and scored on the following criteria:	
<ul style="list-style-type: none"> • Cost/Value for money (25%): Does supplier offer value for money. This will not necessarily be the cheapest quote. • Delivery Timescale (25%): Supplier must demonstrate they can deliver the requirement to timescales above. • Specification (20%): Supplier must meet the specification as detailed above. • Quality/ Technical Merit (20%): Supplier must demonstrate they have the technical and professional capability to deliver the requirement. • Sustainability/ESG (10%): Show commitment to decarbonisation. 	
7. Scoring Methodology	
4 Excellent	Proposal meets and, in some places, exceeds the required standard
3 Good	Proposal meets required standard
2 Acceptable	Proposal meets the required standard in most respects, but is lacking or inconsistent in others
1 Poor	Proposal falls short of expected standard
0 Unacceptable	Completely or significantly fails to meet required standard or does not provide the relevant answer
8. Proposal Format:	
Your proposal should clearly demonstrate how it meets the requirements set out above.	
Please provide details of any sub-contractors you will use to deliver this work.	
9. Deadline and Submission:	
Completed quotations responding to this RFQ must be e-mailed to:	gerard.turk@sigmatex.co.uk
Email subject must include the RfQ Code e.g. LCEI-LJMU- 058	and EcoInnovatory@ljmu.ac.uk
No later than 17:00 Greenwich Mean Time on:	04/10/2024
Date Published:	20/09/2024
